pointing a fan to blow hot air out through an open window is more effective then sucking cool air in through the window.
which some absolutely moronic.
An east facing window will get morning sun, however regional air temperature takes time to warm up.
just one guy gettin’ it done.
A good combination can make a huge difference to the heat you feel on the other
Why do we have to hear about everyone else enjoying the technology before it’s even considered that perhaps a Canadian would like to carry an iPhone?

It’s all relative of course.

The point of the stampede is the chucks and rodeo - the drinking, debauchery, food and rides are there because of the chucks and rodeo.

Blow air out through an open window - here’s something I didn’t know.

Even at an expensive asking price you’re bound to sell, sell, sell.

A well placed tree can reduce the direct sun into your place, and also provide a captivating dance of leaf shadows inside the house.

what a novel name for a phone!

pointing a fan to blow hot air out through an open window is more effective then sucking cool air in through the window.

Around that temperature or below outside - open windows and doors to cool the place.

Yes I know your phone is groundbreaking, yes I see it’s popular and does many great things, yes I know it’s available now.

hey the iPods were expensive but you had no problems selling them.

The point of the stampede is the chucks and rodeo - the drinking, debauchery, food and rides are there because of the chucks and rodeo.

so why can’t I get one?

It’s all relative of course.
